How to Enroll

Enrollment Steps Choose Carefully Who is Eligible

Deadlines to Enroll

- **New Hire:** You must enroll within **30 calendar days** from your hire date. If you miss the deadline, you will be auto-enrolled as described on [page 5](#).
- **Open Enrollment:** This is your annual opportunity to revise your benefit coverage, which occurs in the fall.
- **Life Events:** You must enroll within **30 calendar days** of the date of your event.

Watch for ID Cards Following Open Enrollment

- **Medical:** You'll receive a new medical ID card from Collective Health, Centivo, or Kaiser, if you made changes to your elections. You will also have access to a new digital ID card through your medical plan that complies with the disclosure requirements of the Consolidated Appropriations Act, 2021 (H.R. 133).
 - **Dental:** If you enroll in the Delta Dental PPO plan, you will receive an ID card from Collective Health, which will also include your vision card. If you enroll in the DeltaCare DHMO plan, you will receive an ID card from Delta Dental. Remember, if you don't receive care from your assigned DeltaCare general dentist, you will be responsible for 100% of the treatment cost. To either choose or change your DeltaCare general dentist:
 - Create an online account at deltadentalins.com/enrollees
 - Use the **Find a dentist** tool to find a dentist and submit your selection.
- OR**
- Call DeltaCare's Customer Service **800-422-4234**.

Selections made by the 15th of the month are effective immediately. Selections made on or after the 16th of the month will be effective on the first day of the following month.

If you enroll outside of open enrollment, you can expect your ID cards approximately two weeks after you've made your elections.

CHOOSE CAREFULLY

Your Choices Last for the Plan Year

If electing at Open Enrollment, benefits will be effective January 1. Elections must be made during our Open Enrollment period each fall.

If electing as a newly hired employee, *most* benefits will be effective as of your hire date, with the exception of spending accounts, which are effective the first of the following month. You will have 30 calendar days from your date of hire to complete your enrollment. Please note that Evidence of Insurability rules for life insurance are more advantageous upon hire. You may also want to consider electing disability buy-up plans during your new hire enrollment so that coverage is in place as soon as possible.

You can only change certain benefits throughout the year. In order to change multiple benefits at a given time, such as medical, dental, and vision, you must experience a qualified life event. Examples include: marriage, divorce, birth, adoption, legal guardianship, gain or loss of coverage.

If you are eligible to make mid-year changes, you must enroll within 30 calendar days of the event (60 days for a gain or loss of Medicaid/CHIP). Otherwise, you will have to wait until the next enrollment period to make changes to your benefit elections.

For questions on changing benefits, visit [SupportDesk](#).

Get Help

You can get [1:1 support](#) from our Benefits Communication Specialists. They can help you enroll and answer any questions you may have.

If you're connected to the ABK VPN, you can check for frequently asked questions on [SupportDesk](#) or submit a ticket to our team

NEED TO MAKE A MID-YEAR BENEFIT CHANGE?

Remember, you must enroll within 30 calendar days of a "qualified life event," such as marriage, divorce, birth of a child, or a gain or loss of coverage.

If you don't enroll within 30 calendar days, you'll have to wait until the next open enrollment to change your benefit elections.

Enrollment Steps

Who is Eligible

WHO IS ELIGIBLE

You're eligible for benefits if you're:

- A full-time or part-time, regular U.S. employee of Activision Blizzard, Activision Publishing, Blizzard Entertainment, or King, *and*
- Regularly scheduled to work at least 30 hours a week.

You can also cover your eligible dependents:

Your legal Spouse/Domestic Partner

Your Children

- Children up to age 26. That means you may enroll your adult child even if they:
 - Are stepchildren
 - Are Children named in a Qualified Medical Child Support Order (QMCSO)
 - No longer live with you
 - Are not a dependent on your tax return
 - Are no longer a student
 - Are married (although, your child's spouse and children are not eligible for coverage)
- Dependent children of any age who are mentally or physically disabled

Keep in mind, deductions for your domestic partner (or your domestic partner's children) for medical, dental and vision coverage will be taken on an after-tax basis, as the federal government does not recognize domestic partners as a spouse.

New Hires Must Enroll Within 30 Calendar Days

You must enroll for benefits within 30 calendar days of your hire date. Otherwise, you'll receive the following benefits (*and will not be able to make changes until the next open enrollment unless you experience a qualified life event*):

IF YOU DO NOT ELECT...	YOU WILL...
Medical	... be auto-enrolled in the CDHP Plan for yourself only
Dental and Vision	... have no dental or vision coverage
Life Insurance and AD&D	... be enrolled for two times your annual salary
Short-Term Disability	... be enrolled for 60% of your weekly salary

If you're enrolling dependents in medical, dental and/or vision coverage, you must add your dependents' SSN/National IDs in Workday and upload appropriate verification documentation within 30 calendar days to support the enrolled dependent.

If you want your dependent to receive important benefits related emails from the company, please add their email to Workday under their dependent information. *Below is a list of acceptable documents.*

Dependent verification will also be required during the year if you make mid-year changes due to a qualified life event, such as adding a newborn baby, adopting a child, or acquiring a new dependent through marriage or by entering into a domestic partnership.

BENEFITS TO HELP YOU STAY HEALTHY AND PREPARED

Your benefit options include medical, dental and vision coverage for you and your eligible family members to help you stay healthy, avoid serious conditions and deal with unexpected illness or accidents.

Medical Plans

You have a choice of medical plans so you can choose the coverage that works best for you and your family. The plan comparison charts show you how all the plans compare and the cost saving features each offer. If you prefer, you can waive coverage. *Your options include:*

- CDHP Plan
- PPO 500 Plan
- In-Network Plan (*not open to new enrollments*)
- Kaiser HMO (*CA only*)
- Centivo Coordinated Care Plan (*Southern CA, NY, NJ, CT, PA*)

Each medical plan option provides coverage for a full range of medical services, including office visits, preventive care, inpatient care, prescription drugs and mental healthcare. **Choose carefully.**

NEED DETAILS ABOUT OUR PROVIDERS?

Collective Health

Use our provider portals for details on the plans:

<https://join.collectivehealth.com/activisionblizzard>

<https://abk.centivo.com/>

Consumer Directed Health Plan (CDHP) Option

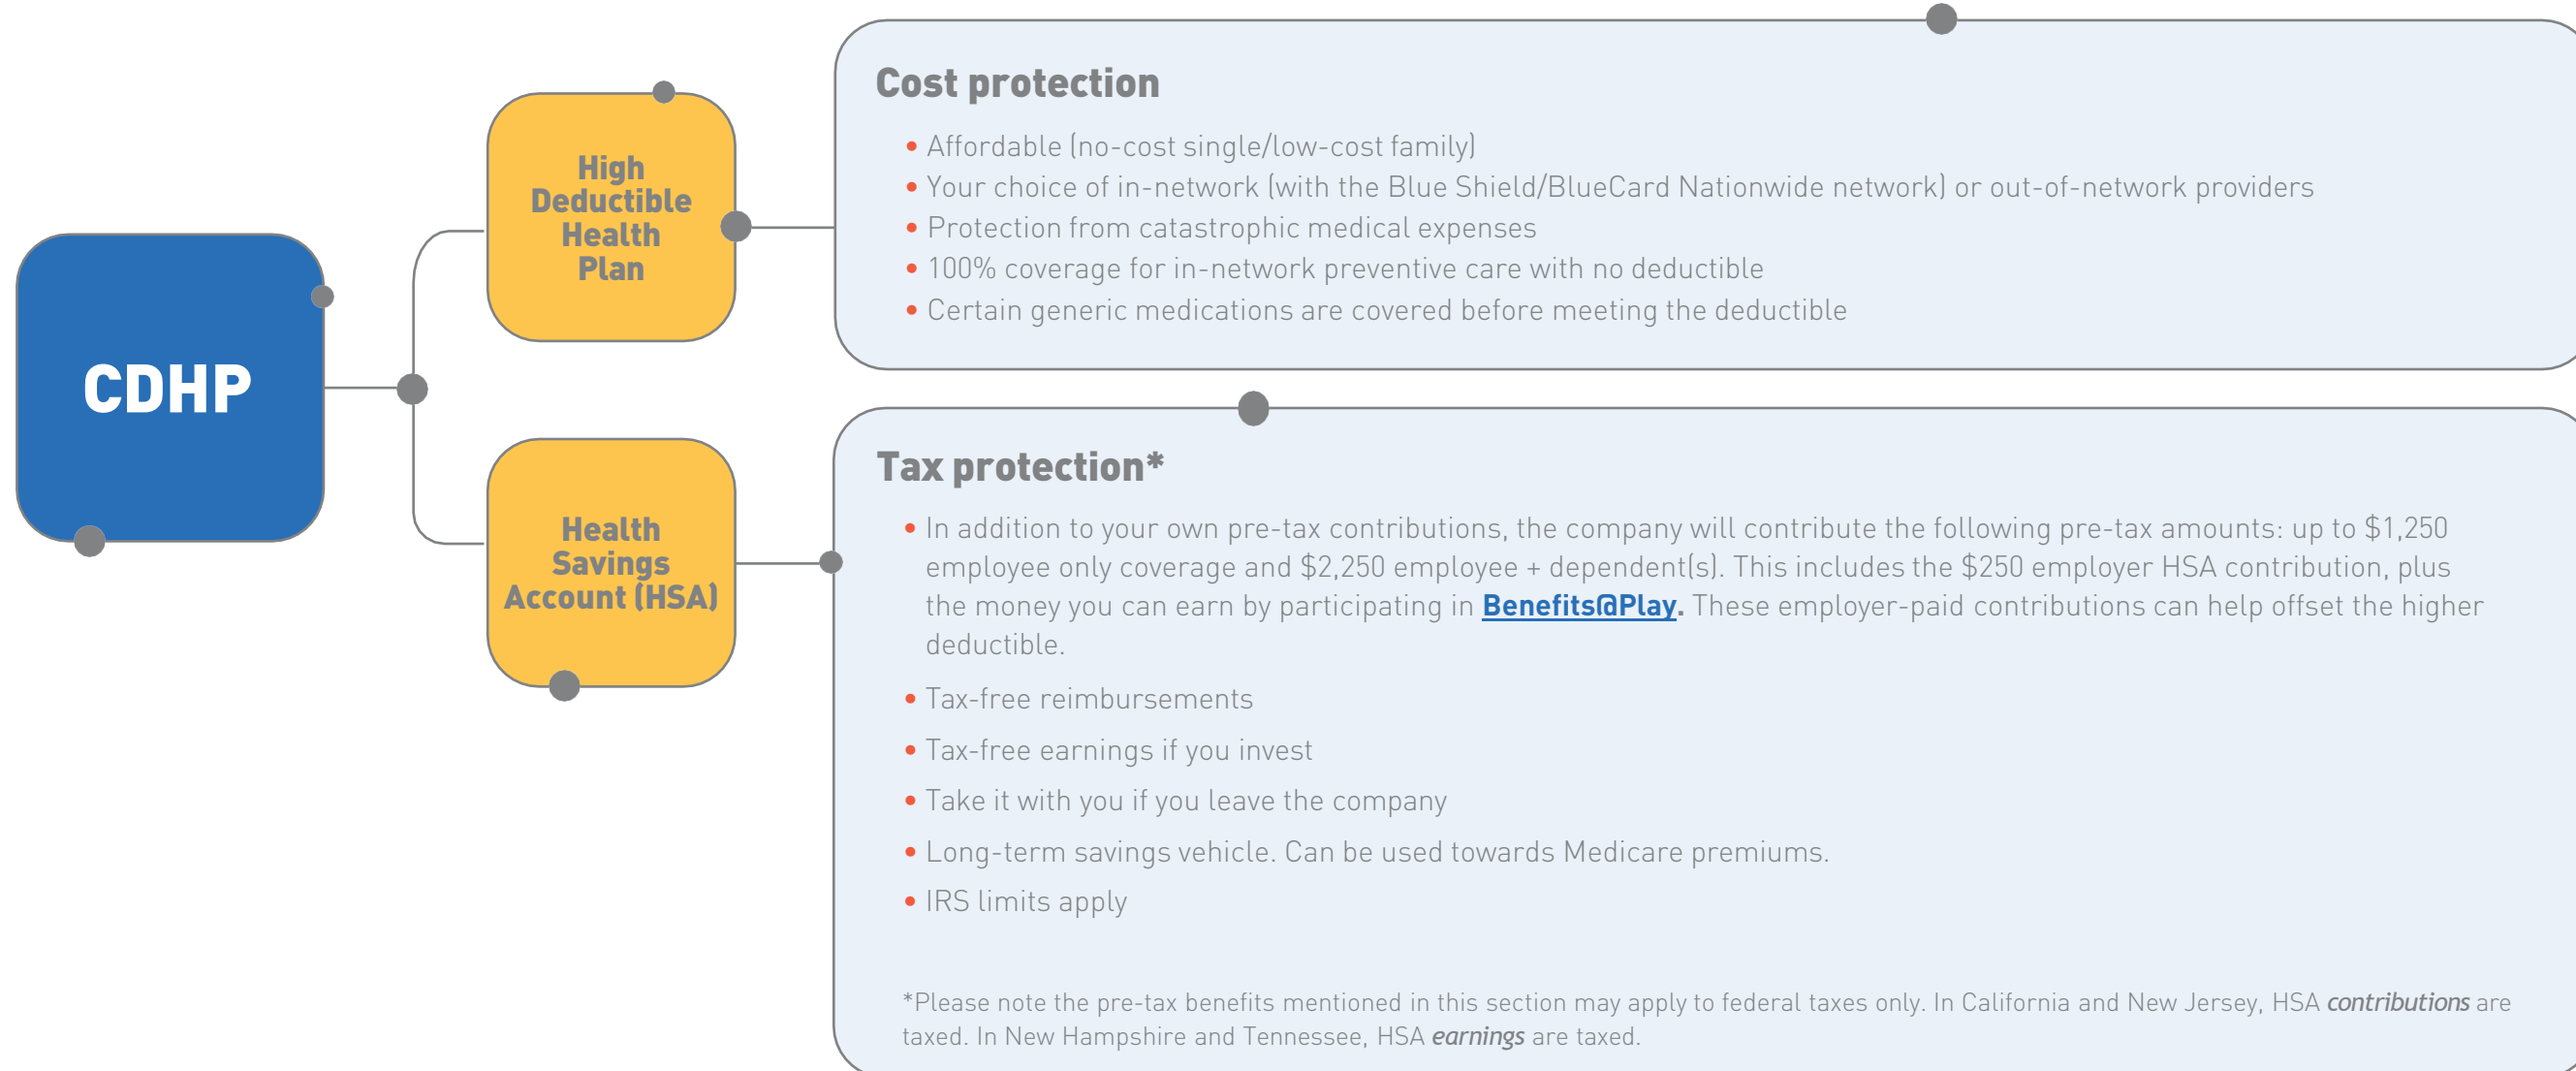

If you enroll in the CDHP Plan administered by Collective Health, you have the option of electing a Health Savings Account (HSA) and receiving the employer contribution. You are eligible for an HSA if:

- You're enrolled in the CDHP,
- You are not enrolled in Medicare,
- You have no other health coverage (including a spouse's FSA or HRA),
- You can't be claimed as a dependent on someone else's tax return.

The per pay period cost of this plan has not changed in over ten years! Contributions are less than the PPO 500 Plan, Kaiser HMO, Centivo Coordinated Care Plan, and In-Network Plan, but the plan has a higher annual deductible and it operates very differently. *The CDHP Plan offers the same network of providers as the PPO 500 plan and encourages greater control over your healthcare spending. If you receive medical care (other than preventive visits) and have prescriptions, you should be aware that you will pay for the full cost until you reach the deductible. Once the deductible has been met, the plan will begin to pay, but you will continue paying the appropriate coinsurance. Make sure that you understand how the plan operates and what the financial implications are before enrolling.*

THE CDHP PLAN WORKS IN TWO WAYS:

- 1. Cost protection:** Offered at no cost to you for employee-only coverage and at much lower rates for family coverage.
- 2. Tax protection:** Save and pay for current and future healthcare expenses in a tax-advantaged way with the HSA.

Here's a brief summary of how the CDHP Plan works

DEDUCTIBLE

To qualify as a high deductible plan, the CDHP in-network deductible is set at the IRS minimum of \$1,650 for individual coverage or \$3,300 for family coverage. If you are covering dependents on the plan, you should be aware that the CDHP has an **aggregate** deductible. This means that every family member will pay for the full cost of eligible healthcare expenses until the \$3,300 in-network deductible is met. Once the family has met the full deductible, everyone covered under the plan will only pay the applicable coinsurance moving forward. Be sure to earn the full \$2,000 via the Benefits@Play incentive program to help offset the deductible.

COINSURANCE

Once you satisfy the annual deductible, the plan begins paying a percentage of your costs for eligible healthcare and prescription drug benefits. Keep in mind that your costs will be lower if you use in-network providers.

PREVENTIVE CARE

Preventive care (including ACA preventive prescription drugs) is covered at 100% with no deductible, as long as you use in-network providers. You can get your annual check-up, health screenings, and ACA preventive prescription drugs at no cost to you. **Make sure your provider bills your preventive services as preventive or routine instead of diagnostic.**

NON-PREVENTIVE CARE

For other types of healthcare services, including doctor visits for illness and non-preventive prescription drugs, you can go to the provider of your choice and pay for your care using your HSA or HRA. You may also choose to pay for your care out of your own pocket if you want to save your HSA funds for future use or keep them invested. To maximize your benefit, we encourage you to use Collective Health in-network providers. A list of Collective Health network providers can be found [here](#).

HSA DOLLARS ROLL OVER

If you don't use all of your HSA dollars, they roll over to the next year, and if you leave the company, your HSA is yours

Is the CDHP Plan right for you?

Whether this plan is right for you depends on many factors, including:

- Your comfort with a high deductible and out-of-pocket limit. Remember, the company can help fund more than half of the deductible by contributing up to \$1,250 for employee- only coverage and \$2,250 for employee + dependent(s) if you participate in Benefits@Play.
- If you have the resources to contribute to the HSA and gain the tax advantages (consider depositing the savings in premiums you would pay for another more expensive plan).
- The amount of non-preventive services you expect to use, like ER visits, physician and hospital services you might receive if you are ill.

It is important to understand that all eligible non-preventive services and prescriptions you receive are applied toward your deductible until it is met and then the plan generally pays 80% of in-network charges. You can use your HSA or HRA account to pay for these eligible out-of-pocket healthcare expenses.

PPO 500 Plan Option

Like the CDHP Plan, the PPO 500 Plan is administered by Collective Health and offers you a choice every time you need care. You can receive care from an in-network provider or an out-of-network provider without a referral. The plan includes a national network of doctors, hospitals and other healthcare providers that provide services at contracted rates. The PPO 500 Plan also includes the Blue Shield network (Blue Card nationwide) which is a broad network of doctors and facilities.

When you receive care from an in-network provider:

- You have a lower annual deductible
- You have a lower out-of-pocket maximum
- Your copay/coinsurance is less

Network-Only Plan Options

Depending on your location, choose from:

- Kaiser HMO (CA only)
- In-Network Plan (not open to new enrollments)

The In-Network plan is frozen to new elections, unless you are currently enrolled in the plan. If you decide to leave that plan, you will not be eligible to re-enroll in the future. Network-only plans generally cover only those services provided by in-network providers, except for certain emergency situations. In the HMO, you choose a primary care physician (PCP) who coordinates your care and makes referrals to in-network specialists. Each family member may select a different PCP. (The In-Network Plan is administered by Collective Health and does not require coordination through a PCP.) Most services are covered in full after you pay a copay. If you move out of the service area, you will have an enrollment opportunity when you update your address in Workday.

Centivo Coordinated Care Plan (Southern CA, NY, NJ, CT, PA)

The Centivo Coordinated Care Plan is designed to help you use the healthcare system more effectively and offers you affordable healthcare with no or extremely low out-of-pocket costs. This plan is built around a partnership between you and your primary care doctor that you choose to lead your Primary Care Team. Your Team will coordinate your care and refer you to the right places to make sure you get high quality care and keep you in network for the greatest coverage level. When you coordinate your care and get referrals from your Team, deductibles are eliminated, and your primary care, specialist visits and procedures and surgeries are covered with no out-of-pocket costs. If you or a family member needs emergency or urgent care, you only pay a small copay.

In Southern California, the provider network for the Centivo Coordinated Care Plan is centered around UCLA Health, Memorial Care and Scripps Health providers. In New York, New Jersey, Connecticut, and Pennsylvania, the network includes Mount Sinai and Atlantic Health System, among others, but urgent care and emergency care is always covered at the in-network rate when traveling. If you move out of the service area, you will have an enrollment opportunity when you update your address in Workday.

Please Note: Before you get care, you'll need to activate by choosing your in-network primary care doctor in the Centivo app or member portal, and get referrals for specialty care. Otherwise, your care is considered uncoordinated, and you'll pay the higher uncoordinated/out-of-network rate. You do not need referrals for some care including behavioral health, OB/GYN, urgent and emergency care.

WAIVING MEDICAL COVERAGE

You may waive medical coverage if you have healthcare coverage through another source (for example, your spouse's employer's health plan).

Note: If your circumstances change and you (or if applicable, your spouse and/or dependent child(ren) are no longer enrolled in an employer-sponsored group health plan, you will not be eligible to participate in, or have access to, your HRA. Please notify Benefits@activisionblizzard.com in the event that you, or your spouse and dependent children, are no longer enrolled in an employer-sponsored group health plan.

Pharmacy

Under each medical plan, ACA preventive drugs are covered at 100%. You'll also pay less when you buy regular generic drugs or use mail-order for ongoing medications. But, prescription benefits work much differently under the Collective Health CDHP Plan than the traditional medical plans (i.e., Collective Health PPO 500, Centivo Coordinated Care Plan, and In-Network and HMO plans).

CVS provides prescription benefits for those enrolled in the Collective Health and Centivo plans. CVS has a **Dispense as Written (DAW)** rule, meaning a penalty will be imposed when a brand name drug is chosen over an equivalent generic drug.

90-day prescriptions are also required under CVS for ongoing medications, such as those that treat high cholesterol, diabetes, and high blood pressure. Contact CVS to check if your medication requires a 90-day supply.

We've partnered with **Rx Savings Solutions** to help you manage the rising cost of prescription drugs. This free and confidential service connects with CVS to show you all the lower-cost options you have for your medications. RxSS doesn't replace your CVS prescription plan; it's an additional program designed to help you and your family save money.

Collective Health CDHP Plan

ACA preventive medications are always covered at 100%. There are also certain preventive generic medications that are covered before meeting the deductible. For all other medications, you pay the full cost of prescriptions until you meet the annual deductible. Your initial visits to the pharmacy may be more expensive at first, but that's why the company contributes money to your deductible but and you can earn even more dollars by participating in Benefits@Play, which is added to your HSA or HRA. You can use your debit card at the pharmacy to help cover those higher costs.

After you meet the deductible, you pay copays for generic drugs and coinsurance for brand names.

Collective Health PPO 500 & In-Network plans, Centivo, & Kaiser HMO

Under these traditional medical plans, you pay copays for generic and brand-name drugs, even if you haven't met the deductible. Generally, copays are lower for generics and higher for preferred and non-preferred brand names. Copays do not apply to your deductible, but will apply towards your out-of-pocket maximum.

Dental Plans

To keep those pearly whites healthy, Activision Blizzard offers the flexibility to choose a dental plan that fits your and your family's needs. You can choose from two Delta Dental plans or waive coverage.

- Delta Dental PPO.** This plan pays benefits for covered services provided by any in- or out-of-network dentist. However, you can save money by using a dentist who participates in the Delta Dental PPO network. That's because in-network dentists have agreed to provide services at lower, contracted rates. For out-of-network services, you'll pay a percentage of the covered expenses, plus any amounts above reasonable and customary (R&C) charges.

To verify coverage, just give your dental provider your plan's group number: **17915**

- DeltaCare USA DHMO.** This plan generally covers only those services provided by an in-network dentist. This cost-effective plan pays 100% of most services after you pay a copay. For each family member, you must use an in-network Primary Care Dentist who will coordinate any treatments by in-network specialists. To verify coverage, just give your dental provider your plan's group number: **78613**

You must select a primary dentist to manage your dental care. To look for providers in-network, please use the Find Dental Providers button to the right, then in the Find a Dentist section, select the DeltaCare USA network to search.

SOMETHING TO SMILE ABOUT

Both dental plans offer orthodontic, preventive care exams, basic services and major services. The difference is in who you can see and how much you pay.

The DHMO requires a referral to see another dentist and has no plan max as long as you continue to pay copays.

Vision Plan

Are you squinting? Well, don't worry. Good vision is on the horizon with Activision Blizzard vision coverage. You always have a choice of eye care providers. When you receive care from an:

- **In-network provider (VSP Signature Network)**, your costs will be lower. You don't have to fill out any forms or file any claims.
- **Out-of-network provider (Non-VSP provider)**, you will typically pay more out of pocket. You pay the provider in full and submit a claim to VSP for reimbursement. The plan has a set reimbursement amount for each service.

Just give your SSN/National ID to the VSP provider and they will be able to verify your coverage. Questions? Go to <https://www.vsp.com> or call **800-877-7195**.

Medical Plan Surcharges

Tobacco User Surcharge

Tobacco users will pay a \$40 per month premium surcharge for medical coverage. The surcharge will apply to any covered family member who has used tobacco products in the six months prior to the coverage period. Once you or a covered family member is tobacco free for six consecutive months, you can email [Benefits](#) and request to remove the surcharge.

You and your covered dependents age 18+ have access to Spring Health's substance use program that can help you moderate or quit smoking. To get started, register at <http://abk.springhealth.com/>.

Working Spouse/Domestic Partner Surcharge

The Working Spouse/Domestic Partner Surcharge is an additional \$100 per month added to your monthly medical premium if you meet all of the following conditions:

- Your spouse/domestic partner is employed full time (as defined by your spouse's/DP's employer) or your spouse/DP works on average 30 hours or more per week; and
- Your spouse's/DP's employer provides your spouse with access to employer-sponsored medical insurance; and
- Your spouse/DP does not enroll in medical insurance with his or her own employer and chooses instead to enroll in an Activision Blizzard-sponsored medical plan.

If you meet all of the conditions above, the Working Spouse/DP Surcharge applies to you and you will pay an additional \$100 per month for your medical coverage.

If you do not meet all the conditions above, you will not be charged the surcharge. Also, if your spouse/DP enrolls in his or her employer's medical coverage and your spouse/DP is enrolled in AB's plan as secondary coverage, you will not be charged the surcharge.

The level of premium changes if a status change occurs:

- If your spouse/DP lost coverage due to his or her employment change, provide proof and the date his or her coverage and employment changed within 30 calendar days of the event; or
- If your spouse/DP is going through an open enrollment period, provide proof and the date of his or her open enrollment period.

UPDATE YOUR TOBACCO USER AND WORKING SPOUSE/DP INSURANCE STATUS

If you or a covered family member use tobacco, you need to claim the Tobacco User Surcharge.

Also, if you choose to cover a spouse or domestic partner who has access to medical coverage through an employer, you need to claim the Working Spouse/DP Surcharge in Workday.

Dependent Care Spending Account (DCA)

A dependent care account (DCA) is a flexible spending account that allows you to contribute a portion of your paycheck tax-free to pay for qualified dependent care expenses. Examples include: daycare, elder care, summer camp, and preschool. The IRS limits annual contributions to \$5,000 on income tax returns if single or married filing jointly, and \$2,500 if married filing separately. You can use your DCA to pay for care for children under age 13 that you claim as dependents, as well as adults or other relatives that are incapable of caring for themselves (if you provide more than 50% of their support).

You will have until April 30, 2026 to reimburse yourself with your 2025 funds for expenses incurred from January 1, 2025 to April 15, 2026.

You can make changes to your election amount if you experience a qualified life event and submit your changes within 30 calendar days. You may also change your election if you experience a change in cost or provider throughout the year. You are not automatically re-enrolled in this account annually, You must re-elect this account during open enrollment or within 30 calendar days during a qualified life event.

Additionally, DCA funds are subject to IRS discrimination testing annually. If you are a highly compensated employee, your election amount may be limited and/or reduced at enrollment/during the year. If you are impacted by this testing you will be notified by the benefits team and your election will be automatically reduced to the amount the IRS approves.

REIMBURSEMENTS

This account is managed by HealthEquity and funded as contributions are made from your paycheck. If you only have a DCA you will not receive a debit card to use for payment. Instead, all claims for reimbursement must be submitted through the HealthEquity Member Portal. If you have any other fund account (HSA, FSA, etc), you can use your debit card for payment. For more information, please refer to the [DCA FAQ](#), or email memberservices@healthequity.com.

Insurance can fill a number of financial gaps for a family recovering from an illness, injury, or worse. After a loss of income, many families have to reduce their standard of living. Consider what your family would need to cover:

- Medical bills and funeral expenses
 - Living expenses (housing, food, clothing, utilities)
 - Large expenses (rent or mortgage, education)
 - Taxes and debts that need to be settled
- Income protection benefits provide financial security and peace of mind and are administered by Aflac.

Term Life Insurance

Term Life insurance pays a benefit to your beneficiary or beneficiaries upon your death. You automatically receive company paid life insurance. You can add to your company paid life insurance coverage by buying Supplemental Term Life Insurance on an after-tax basis. If you buy Supplemental Term Life Insurance for yourself, you can buy coverage for your dependents.

EVIDENCE OF INSURABILITY (EOI)

In some instances, when applying for life insurance, insurance companies will require you to complete a questionnaire detailing your past and current health status. With this submission, the insurer can decide to approve or deny your application. It's important to review the information below so you understand the implications of enrolling or waiving coverage at different enrollment opportunities.

If EOI is required, you will receive a letter from Aflac notifying you to submit the questionnaire.

HOW MUCH LIFE INSURANCE DO I NEED?

In deciding how much life insurance you need, consider your personal situation, age and whether or not you support a family. If you have limited financial obligations, you may need less life insurance compared to someone who has a mortgage to pay or children to put through college.

MONEY

Your financial wellness is key to your overall health. Whether you're saving for retirement, planning for college or simply need help managing your personal finances, we offer something for everyone.

Activision Blizzard 401(k) Plan

You can invest in your future financial security through convenient automatic payroll deductions to your Activision Blizzard 401(k) Plan.

You can contribute up to 75% of your eligible pay and/or up to 100% of your eligible bonus per-pay-period each year to your Traditional (pre-tax) and/or Roth 401(k), up to IRS limits. You may also contribute up to 20% of your eligible pay to an After-Tax 401(k). You are always 100% vested in your own contributions and their earnings, including any rollovers you make to your account. You are 100% vested in the company match.

401(k) Plan Features

- **An easy way to save:** Saving is automatic and convenient through payroll deductions.
- **Free money:** The company will contribute to your savings by matching 25% of your total contribution to the Traditional (pre-tax) and/or Roth 401(k), up to the annual IRS limit.
- **Traditional 401(k):** You can make pre-tax contributions to a Traditional 401(k). Your contributions and earnings grow tax-deferred, so you don't pay taxes until you take a distribution.
- **Roth 401(k):** You can make after-tax contributions to a Roth 401(k). Your contributions and earnings grow tax-free, and your withdrawals may be tax-free based on when you take a distribution.
- **After-Tax 401(k):** You can make additional after-tax contributions beyond the annual IRS limit. The maximum you can contribute including your Traditional 401(k), Roth 401(k), and Company Match is \$70,000 for 2025. You also have the option to automatically convert your after-tax contributions to your Roth 401(k).

Three Ways to Invest

Depending on what type of investor you are, you can choose how you want to invest your money. Select the best approach that works for you.

If This Is You	Consider . . .
"I prefer to do my retirement investing with some help."	<p>Target Date Retirement Fund You choose the fund that closely matches the year you plan to retire (your "target" retirement date). The funds automatically adjust over time to become more conservative as you near retirement. Professional investment managers will watch over the funds for you.</p>
"I want to delegate the ongoing management of my account to professional investment managers."	<p>Retirement Plan Advice Powered by Fidelity Guidance Get guidance on how much to save, which funds to select from within the 401(k) Plan, and how much to invest in each of those funds. Guidance is available online or over the phone. Review your investments at least annually or whenever there is a change in life events.</p>
"I have the time and expertise to actively manage my 401(k) Plan investments."	<p>Plan-Selected Funds Choose your investments from a group of pre-selected funds. Select the funds you want to invest in and determine the amount of money you want to allocate to each fund. Review your investments and make changes when you need change and as you near retirement.</p>

EVER GOTTEN A RAISE JUST FOR JOINING A SAVINGS PLAN?

Well, that's the effect of joining the Activision Blizzard 401(k) Plan. You put in part of your salary and the company contributes, too. It's like an instant return on your investment.

It's such a good deal, **new hires are automatically enrolled in the 401(k) plan** at a 1% contribution percentage.

You can change your contribution percentage or opt-out of the plan by logging into www.netbenefits.com.

Health Savings Account (pairs with the CDHP Plan)

A Health Savings Account (HSA) is a tax-favored individual account that you can either use to pay current healthcare expenses or use to save money for future healthcare expenses. **By law, you can only enroll in an HSA if you have a high deductible health plan, such as the CDHP Plan and you are not enrolled in another plan.** See additional eligibility requirements in the grey box to the right.

Why open an HSA?

There are several perks to opening an HSA:

- You decide when and how to spend the money.
- Whatever funds you don't use by the end of the year will roll over to the next.
- If you leave the company or change insurance coverage, the account is yours to keep.
- At the beginning of the year, Activision Blizzard will make a contribution in your HSA for enrolling in the CDHP Plan.
- You will also then have the ability to earn additional Benefits@Play incentive dollars from the company if you participate in healthy activities as defined by the company during the plan year.
- Your contributions are taken from your paycheck pre-tax*** and then applied to your HSA account.

HSA Contributions If You Choose The CDHP Plan

YOUR 2025 HSA CONTRIBUTIONS	EMPLOYEE ONLY	EMPLOYEE + DEPENDENT(S)
Company Contribution	\$250	\$250
Benefits@Play Incentives	\$1,000	\$2,000
Your Annual Maximum Contribution*	Up to \$3,050	Up to \$6,300
Total allowed by the IRS in 2024**	\$4,300	\$8,550

* If you are age 55 or older, you can contribute an extra \$1,000 to your HSA in 2024.

** This includes Activision Blizzard's contribution, any Benefits@Play incentives you and/or your spouse/domestic partner earn and your own contributions.

***Please note the pre-tax benefits mentioned in this section may apply to federal taxes only. In California and New Jersey, HSA contributions are taxed. In New Hampshire and Tennessee, HSA earnings are taxed.

IF YOU WANT TO ENROLL IN AN HSA, YOU NEED TO MEET THESE REQUIREMENTS:

- Be enrolled in the CDHP Plan
- Not be covered by any other medical plan that is not a high-deductible health plan even if it is through a spouse's coverage.
- Not be enrolled in a healthcare FSA; you are considered to be covered by an FSA or HRA even if your spouse is enrolled in an FSA.
- Not be claimed as a dependent on someone else's tax return.
- Not be enrolled in Medicare.

You can view/manage your account through HealthEquity on their website at www.healthequity.com.

Are there any fees for the HSA?

Activision Blizzard covers the monthly maintenance fee for active employees enrolled in an HSA.

HealthEquity charges a maintenance fee if the HSA is no longer active (i.e., employee switches to PPO 500/Kaiser) and balance is below \$2,500.

Is the HSA transferable upon death?

You can elect a beneficiary, but if no beneficiary is specified, it will transfer to your estate.

Are there investment options with the HSA?

You must have a minimum balance of \$1,000 to have investment options.

HSA investment account options provide opportunities for long-term investments. If you are interested in investing for the future, the HSA investment account complements your interest earning HSA cash account. Investments in mutual funds roll over from year to year, accumulate in a tax-deferred manner and are portable.

How is the HSA different than the Flexible Spending Account (FSA)?

There are several differences between the HSA and the FSA.

With the HSA:

- **Funds are only available as they are deposited.** With the Healthcare FSA, the full amount that you elect to contribute is available to you at the beginning of the plan year.
- **Any unused funds at the end of the year will roll over to the next** — there is no “use it or lose it” rule. With the FSA, you lose any unused funds at the end of the year.
- **You can make changes to your HSA contributions any time you wish.**
- **You may deposit funds directly into your HSA** outside of payroll deduction.
- **You will be responsible for tracking your healthcare expenses and reporting them on your annual tax return.** You need to keep your receipts in the event of an IRS inquiry.

Who is the administrator of the HSA?

The HSA is administered by HealthEquity.

What happens to the HSA if the company selects an insurance company other than Collective Health in the future?

You will always own the funds in the HSA. If the company were to switch to a new insurance company, the funds in your HSA would still be yours, and you would have the option to roll them over to an HSA with the new insurance company.

Can I enroll in the HSA if I have the PPO 500, Kaiser HMO, Centivo Coordinated Care Plan, or In-Network medical plan?

No. By law, you can only enroll in the HSA if you’re enrolled in the CDHP Plan. If you are enrolled in the PPO 500, In-Network, Kaiser HMO, Centivo Coordinated Care Plan, or in a non-AB non-qualified plan, you can only enroll in the Healthcare FSA.

What happens if I have an HRA and/or an FSA and I want to switch to the CDHP Plan with HSA in 2025?

If you are contemplating a switch to the CDHP Plan with HSA, and you currently have either an HRA or FSA, there are IRS requirements that prevent establishment of an HSA while you have an active HRA or FSA:

- Your HRA will end on December 31, 2024, and any eligible expenses incurred in 2024 must be submitted for reimbursement by April 30, 2025.
- Your FSA will end on December 31, 2024, and any eligible expenses incurred in 2024 must be submitted for reimbursement by April 30, 2025. Any unused FSA dollars will be forfeited.

Flexible Spending Accounts

The Flexible Spending Accounts (FSAs), administered by HealthEquity, are a great way to save on healthcare and dependent day care expenses.

Here's how they work:

- Each year you choose how much to contribute to the accounts. Contributions will be taken out of each paycheck in equal amounts throughout the year.
- Your contributions are automatically deducted from your paycheck — before federal income, state income (in most cases) and Social Security taxes are taken out.
- You'll save money on your taxes because less of your income is taxable.
- Eligible expenses are reimbursed with the tax-free money in your account.

See below for more information about how FSAs work.

Note: you cannot change your FSA election amount mid-year unless you experience a qualifying event. Dependent Care Accounts can be changed due to a change in cost or provider. Benefit changes can be made in Workday and account details can be viewed at www.healthequity.com

FSA	OPTIONS
Healthcare FSA	<ul style="list-style-type: none"> • Maximum contribution: \$3,300 • Eligible Expenses: qualified healthcare expenses (Examples: medical, dental, vision and prescription drug copays, coinsurance and other out-of-pocket expenses.) • You can participate in the Healthcare FSA if you are not enrolled in the HSA. • You can be reimbursed up to the full amount of your annual contribution at any time during the year. • You can use the HealthEquity FSA debit card to pay qualified healthcare expenses at authorized healthcare providers, retail and online pharmacies and participating retail stores. • You can submit eligible expenses incurred through December 31, 2025, to your account no later than April 30, 2026. Any unused money in your account after April 30 will be forfeited.
Dependent Care FSA	<ul style="list-style-type: none"> • Maximum contribution: \$5,000 if single or married filing jointly, \$2,500 if married filing separately, or \$2,100* if your base salary is \$180,000 or higher in 2024. *This plan is subject to IRS non-discrimination testing therefore contribution limits are capped. • Eligible Expenses: Funds can be used to pay for eligible, non-medical day care expenses for children under age 13 or disabled dependents of any age who are unable to care for themselves. • You will be reimbursed for up to the actual amount in your Dependent Day Care FSA at the time of the claim. Funds accumulate as they are deducted from your paycheck. • You can submit eligible expenses incurred through April 15, 2026, to your account no later than April 30, 2026. IRS rules require you to forfeit any unused money in your account after April 30 (the "use it or lose it" rule).

GLOSSARY OF TERMS

Charges: The term “charges” means the actual billed charges. It also means an amount negotiated by a provider, directly or indirectly, if that amount is different from the actual billed charges.

Coinsurance: The percentage of charges for covered expenses that an insured person is required to pay under the plan (separate from copayments).

Copays: A copay (or copayment) is a flat fee that you pay on the spot each time you go to your doctor or fill a prescription. For example, if you hurt your back and go see your doctor, or you need a refill of your child’s asthma medicine, the amount you pay for that visit or medicine is your copay.

Deductible: The amount of money you must pay each year to cover eligible expenses before your insurance policy starts paying.

In-Network: The term “in-network” refers to health care services that are covered under the provider network established for the medical plan. (i.e., Blue Shield of California).

Out-of-Network: The term “out-of-network” refers to care that does not qualify as in-network.

Out-of-Pocket Maximum: The most you have to pay for covered services in a plan year. After you spend this amount on deductibles, copayments, and coinsurance for in-network care and services, your health plan pays 100% of the costs of covered benefits.
